

KAVEH GLASS

Chrome Mirror Glass

KAVEH GLASS INDUSTRIAL GROUP

Chrome Mirror Glass

Description

KAVEH GLASS CHROME MIRROR is a special off-line coated chromium based mirror by using Magnetron Sputtering Coating Process, which is resistant to corrosion and humidity. Kaveh Chrome Mirror is an ideal mirror for shower cubicles, bathrooms, hotel lobbies, health clubs or gyms, glass doors or other applications with glass fittings, in which a filigree construction is required, police stations, banks, hospitals, warehouses, due to the combination of security characteristics with excellent corrosion resistance. Kaveh Chrome Mirror combines reliability with a shiny appearance in applications where classic silver mirrors have reached their limits. The new Chrome Mirror is not only an aesthetic product, but it can be used in areas where security and stability require the highest standards.
